

UNEQUAL
HALO™

Made of an advanced, military-grade, multi-layer composite which reduces acceleration, absorbs and disperses impact force.

PLAY WITH HART® – High Acceleration Reduction Technology

Greater Confidence

Attacking the ball with Unequal protection provides a competitive edge.

Better Play

Unequal empowers players to perform at a higher level. Protection matters!

Sport Versatility

Whether 7on7, flag football, girls' field hockey or cheerleading, the Halo is a perfect piece of headgear to help reduce risk.

Low Profile

Great look, sleek design. The Halo does not alter ball rebound speed or direction with proper heading technique.

Unique Features

Each Unequal Halo™ is FIFA Law 4 compliant in a fashionable look, features moisture wicking comfort with maximum breathability and provides 360 degree impact protection.

HALO 3

Disclaimer: Leading medical doctors, PhDs and scientists have concluded that a reduction in acceleration correlates with a reduction in concussion risk. Any player in any activity, game, or sport, can sustain a head injury even with head protection, and that no helmet, pad or Unequal product can prevent concussions or eliminate the risk of these injuries. See full product warning at unequal.com.
